Getting patients started

Novartis Patient Support will work with your practice to help your patient start on KISQALI. Begin the process by completing the Start Form. We have outlined the key information below to help ensure a smoother process for your office and your patient.

- ▶ Please indicate if you would like to enroll your patient in ECG testing support only, located at the top of the first page
- ▶ **Sections 1-3:** are to be filled out by the patient or their authorized representative
 - Obtain patient and/or authorized representative consent by signature
 - Ensure your privately insured patient checks the appropriate box in section 2 to sign up for Novartis Patient Support Co-Pay Plus
 - Include front and back copies of patient's medical and prescription insurance cards to allow us to verify all of their benefits
- ▶ **Sections 4-7:** are to be filled out by the prescriber
 - It is important to review and capture all necessary additional information prior to initiating therapy
 - Please include your preference of specialty pharmacy, if any, and be sure to fill in the pharmacy name, phone number, and fax number
 - Please don't forget to sign and date the prescriber attestation
 - Complete the ECG Testing Support section, including where your patient will have their first ECG completed (in-office or at home) and if a portable ECG device is needed by your office
 - Be sure to choose the appropriate product and dose when filling out the table in section 7
- ▶ An incomplete Start Form may delay the start of treatment
